ASYLUM INMATE

William Hottinger Slays Aged
Adams County Man With
Clubbed Floor Polisher

VICTIM HAD BEEN SENT HERE
FROM HOSPITAL AT WAUPUN

Assailant Recently Arrived at
West Salem from Mendota

WILLIAM Hottinger, 21 years old, La Crosse, an inmate of the county insane asylum at West Salem, beat another inmate, James Kabalka, to death with a floor polisher about 10 o'clock Sunday morning.

Kabalka was between 65 and 70 years old and very feeble, according to Superintendent Gullickson. He had been sent to West Salem recently from the Central Hospital for Criminal Insane at Waupun, because overcrowded conditions there have made it necessary to send patients who do not seem to be tractable to county asylums.

Had Committed Murder

He had been sent to the Waupun hospital from Adams county, where he had committed murder. According to Mr. Gullickson, Kabalka's mind was a blank and he was quite infirm, spending most of his time sitting or reclining on his cot.

Hottinger was sent to West Salem about three weeks ago from the asylum at Mendota. Mr. Gullickson was informed that he had a mania for breaking windows. Other than that Hottinger was believed to be not especially unruly. Hottinger attacked the old man about 10 o'clock Sunday morning. The attendant had just distributed the mail in the ward where the two were and had left for another ward.

Victim Lived Five Minutes

Hottinger was polishing the floors with a mop-like apparatus, consisting of a stout stick about three long with a wad of cloth on the end. As the attendant left the ward, Hottinger went to Kabalka's bed and struck the old man over the head. Another inmate immediately ran after the assailant and notified him. He summoned Drs. S. R. and G. F. Wakefield, both of whom were in the building at the time. Kabalka lived for about five minutes after he was struck.

"CLEANUP CAMPAIGN"
STARTS TO ADJUST
VETERANS' CLAIMS

Ex-Service Men Entitled to
Compensation or Training Given
Chance for Speedy Action

SQUAD WILL BE HERE UNTIL
FIVE O'CLOCK THURSDAY

La Crosse County Men are
Given Hearing Monday

The "cleanup campaign" to adjust claims of all ex-service men against the government for compensation or vocational training started Monday morning at the Chamber of Commerce. Up to noon about 70 claims had been presented and the board was acting on them as promptly as possible, with little prospect of being able to finish in one day.

La Crosse county claims are scheduled to be heard Monday. Vernon county Tuesday, Monroe county Wednesday and Juneau county Thursday. The squad will be here until 5 p. m. Thursday.

Claims for compensation are running greatly in the majority. A considerable number of men have also signified their desire to take advantage of vocational training and some have applied for both compensation and vocational training. These two classes of claims are all that come strictly within the scope of the cleanup squad, although they are willing to give what advice and assistance they can with respect to claims for Liberty bonds, back pay, travel allowances, etc. However, claims of this latter sort should be presented to the home service bureau.

Four in Squad

The members of the cleanup squad are William Glasser, compensation; Harvey Noyes, vocational training; Dr. Rowe, medical examiner; P. M. Redfield, Red Cross. The work of the squad is to examine the ex-service man's claim, advise him whether it is legitimate one or not, and send in a report on it to the regional office of the veterans' bureau at Chicago for immediate action. In case a man's claim is not complete he will be advised as to what additional evidence is needed.

"The squad will assist all ex-service men, with the exception of those in hospital, in proving their claims, and men will be informed as to affidavits necessary," said William Glasser, in charge of compensation. "Ex-service men who have received letters from the bureau of war risk insurance, will be told what is required to make their cases complete."

Mr. Redfield stated that in no case will the squad be able to rate a man who has not had an examination for a period of over two months. In such cases he will be advised by Dr. Rowe to appear before the local medical examiners and receive another examination.

Get Local Assistance

"The local branch of the Red Cross and the American Legion are assisting the squad greatly in getting the additional evidence requested," said Mr. Redfield, "and they and the medical examiners have also placed their files at the disposal of the squad."

During the war Mr. Redfield handled the cases of 65,000 men at Camp Grant for the Red Cross and later had charge of the work at the Fort Sheridan hospital.

Joe Yellow-Thunder, a full-blooded Indian from La Crosse, was among those presenting a claim to the squad Monday morning.

CHICAGO, Ill.—That John Worthington, alleged "master mind" of a band of mail and bank robbers whose loot totaled \$6,000,000, and associate of Charles W. French in many of the schemes of his \$50,000,000 organization, may turn state's evidence, was indicated Monday when Worthington asked permission to appear in court when French is arraigned.

District Attorney Clinin indicated Worthington appears to believe he had been double-crossed by French and is willing to help the state for revenge.

The American Rubber company, one of the \$2,000,000 concerns organized by French, and of which Rudolph E. Kohn, another of the alleged "swindle ring" members, is president, was thrown into bankruptcy Monday on petition of a third member of the band, A. A. Stelzin of Milwaukee. Judge K. M. Landis named the Central Trust company as receiver.

Colonel Clinin Monday asked federal authorities in Iowa to investigate reports that four companies which failed in that state last week may have had some connection with French or his associates.

QUESTION OF STRIKE IS ROCK

Trainmen Insist on Right to
Strike if Vote Disapproves
Wage Cut

CHICAGO. — The question "to strike or not to strike" as a protest against July 1 wage reductions authorized by the United States railroad labor board apparently has destroyed the unity that for years has bound the four big railway brotherhoods and the switchmen's union.

Officers of the Brotherhood of Railroad Trainmen virtually advocate a walkout, instructions sent the membership of the five organizations with strike ballots Sunday indicate, while the attitude of leaders of the other unions is conservative.

Trainmen to Vote Alone

Because of the split the trainmen, contrary to time honored custom, are to vote an independent ballot on another single ballot will be registered the vote of the other unions—the Brotherhood of Locomotive Firemen and Engineers, Order of Railway Conductors, and the Switchmen's Union of North America.

The trainmen's organization has about 150,000 members; the total membership of the unions with which it has been associated is approximately 250,000.

Disapprove of Ballot

The trainmen withdrew because their officers explained, the ballot drafted by the other four organizations "did not in our opinion, contain an impartial and unbiased recital of all that is involved, nor did it convey the assurance that the wishes of the men, if against working for reduced wages, would determine the question, and that they would be permitted to leave the service."

The joint ballot declared that if the members voted to reject the wage reduction it was understood they would be permitted to withdraw from the service of their companies, "unless satisfactory settlement can be reached under the laws of the organization."

Ballot Defines Stand

The statement accompanying the trainmen's ballot is without "strings," it reads:

"All members and others are hereby notified that if the membership vote is in lawful necessary majority to leave the service rather than continue service under the reduced wages now in effect, they will on any or all lines where such vote is secured (with the sanction of the general grievance committee) be given necessary authority by the president of the grand lodge. The president of the grand lodge will not (with the information given above) undertake to prevent the wishes of the men as expressed in their ballot from being adhered to."

The significance of the foregoing lies in the fact that the officers are authorized to disregard a membership vote if they see fit.

Wages Cut 12 Per Cent

The wage reductions authorized by the United States railroad labor board in July averaged about twelve per cent, an estimated annual saving to the railroads of about \$400,000,444.

Some union leaders asserted that in their opinion, it was not the wage reduction but working rules and agreements that would be the final bone of contention and particularly the time and a half for overtime clause recently restricted by the railroad labor board.

ESTIMATE OF TOTAL LOSS

No Definite Cause of Fire is Yet
Determined

One of La Crosse's river landmarks, the large warehouse of the Chicago, Milwaukee & St. Paul railway, located on Black river, which is reported to have been built about the year 1867, was destroyed by fire early Sunday morning. The alarm was received at Central Fire station at 3:35 a. m.

While no definite estimate has been made as yet, it is believed that the loss will total over \$75,000, including property of the Milwaukee road, Redger Hide and Fur company and the Hart Implement company, stored in the building at the time of the fire. According to the report at Central station, the fire caused a total loss to the building and all property stored within. Little or no salvage is expected.

Cause Unknown

Investigation on the part of the fire department and information received from various railroad men who witnessed the start of the fire, the building was a one-story brick structure 300 feet long and about 70 feet wide. Captain McDonnell of Central Fire station said that the cause of the fire had not been ascertained.

While an estimate of the value of property stored in the building by the Redger Hide and Fur company has not been made, officials of the Hart Implement company stated that property loss of the company was in the neighborhood of \$10,000. Several engines and grain separators were stored in the warehouse. In addition to the loss of the building, the Milwaukee road places the value of materials in the building at \$500.

Started at 2 O'Clock

Captain McDonnell in communication with railroad men who were working in the yards at the time of the fire, learned that the company started moving freight cars away from the vicinity of the fire before 2 o'clock in the morning. At that time flames had gained a headway to the extent that they could be seen coming through the roof. Central Fire station did not receive the alarm until 3:35, one hour and a half later.

Due to the intense heat of the large fire, flames were spread to several boat houses and box cars in the near vicinity. Chemicals employed by the department served to keep the fire within check. A bucket brigade also was kept busy in an effort to hold the fire within the warehouse.

Destruction of the building by fire early Sunday morning resulted in the wiping out of one of La Crosse's landmarks on Black river. The building was in earlier times used as a transfer station for shipments on the Mississippi river packets to the railroads and vice versa.

UNEMPLOYED IN U. S.

WASHINGTON.—Means of providing work for the nation's unemployed, estimated by the department of labor to number 5,735,000, will be studied at a conference of industrial and labor leaders to meet here next month at the call of President Harding.

Secretary Hoover is preparing plans for the conference. The conference, he said, will inquire into the volume of the needed employment, the distribution of unemployment, means of lessening the number of unemployed and measures to enable the recovery of business and commerce to normal.

Situation Improving

CLEVELAND, O.—Some lines of industry have shown definite signs of improvement during the last few weeks and the undertone of optimism, scarcely audible in the quiet recent past, can be heard more plainly, according to the monthly business review of the fourth federal reserve bank issued Monday.

Progress has been shown in iron and steel, not only through "seasonal spurts," but through consistent depression. The automobile business, although not satisfactory, has made considerable progress.

UNION OFFICIALS APPEAL TO
MINERS TO CEASE HOSTILITIES

Adjutant General on Way to
Take Charge of Situation

CHARLESTON, W. Va.—State authorities early Monday anxiously awaited advices from the eastern part of Logan county. Somewhere in that district Adjutant General John H. Charnock, together with A. C. Porter, a member of the West Virginia United Mine Workers' executive board, and a personal representative of C. F. Keeney, president of District 17, were doing missionary work following Sunday's reports to Governor E. F. Morgan that state police and deputy sheriffs on one side and unidentified armed men on the other had fought an engagement in Beach Creek, near the Logan-Boone county line.

Immediately after receipt of a report from Captain Brockus, commanding state troops in that district, stating that the engagement had not been without casualties, Governor Morgan hurriedly called Mr. Keeney into conference. The governor and miners' executive soon agreed on a plan of action and within a few hours the adjutant general and Mr. Porter were speeding to Logan on a special train. The station agent at Sharples reported its arrival there early Sunday evening. After he had made his report, wire communication was interrupted and no word has since come out of the town.

Appeal to Miners

Mr. Porter carried with him an open letter from President Keeney to the Logan county miners in which he said: "I wish to request that you and each of you remain at your homes; assist in the preservation of law and order and refrain from any conduct other than what may be necessary to protect yourselves and families."

"I also urge that at the earliest possible moment you put all mines in your section in operation."

Governor Morgan, in the presence of William Peter, vice president of District No. 17, U. M. of A.; Harold W. Houston, attorney for the district; William Wiley, manager of the Boone county coal corporation, two associates and an attorney, gave me positive assurance that there will be no invasion of your section by deputies or other persons from Logan county."

4 to 14 Wounded

Interrupted telephone communications and the peculiar location of the district where the trouble is reported to have occurred makes confirmation of disquieting reports extremely difficult. Those received late Sunday night and early Monday place the number of wounded during the reported shooting Sunday morning at from four to fourteen. None of the reports state definitely that anyone was killed, although several hinted at probable fatalities. It is explained that the shooting took place before daybreak.

Captain Brockus in his report to Governor Morgan stated that members of his detachment saw five of the opposing force fall to the ground. They were quickly picked up by their companions, however, and carried from the vicinity while the state troopers retired, the captains reported, on account of darkness, which made it difficult to distinguish their own men from their adversaries.

Another report reaching the governor's office and made public was that three deputy sheriffs and a justice of the peace named Mitchell had been taken prisoners by unidentified men and were being detained at Clodier, Boone county, across the line from Sharples.

More bills against coal shipments and warehouse receipts of coal have been drawn in this district than ever before.

Thirty Thousand Riot in
Protest Against Death of

BERLIN.—By The Associated Press.—Political conditions in Germany, which during the past few days have assumed a grave aspect, were considered by the cabinet Monday. President Ebert presided.

The assassination of Herr Erzberger last Friday has appeared to have set a match to the piled-up combustibles smoldering for some time, and the cabinet is believed to find itself in a serious predicament.

One of the features of the situation is the attitude of organized labor, supported by the socialist and communist parties in demanding the definite suppression of the activities and machinations of the Pan-Germans.

This party has been unusually active of late, holding "battle anniversary," "steel helmet" athletic meets, "front troop reunions," and other affairs at which Field Marshal von Hindenburg, General Ludendorff and other military leaders have been present. These functions have, for the most part, taken on the character of anti-republican manifestations.

The government must decide in the next few days whether it will call the reichstag into session before September 27, the date fixed for that body to meet. There is a disposition on the part of Chancellor Wirth not to take this action because of his desire to avoid debate on the American peace treaty before that pact is ratified by the United States senate. The government would be unable to prevent such debate, in view of the overheated political atmosphere engendered by the murder of Herr Erzberger.

Expect Attack on Treaty

It is a foregone conclusion that the nationalists, if the reichstag should convene, would promptly attack the government because of its acceptance of paragraph 231 of the treaty, by which Germany and her allies accepted responsibility for the war.

Ratification of the treaty is believed to be certain in the reichstag through the votes of the three coalition parties and the independent socialists which command 277 out of the 409 votes in the reichstag. This number, however, would not include the twenty-one votes controlled by the Bavarian people's party, which nominally is allied to the clericals. Chancellor Wirth also has not yet determined the final attitude of the German people's party when the treaty will come up in the reichstag. During conversations with the chancellor and Foreign Minister Rosen, leaders of this party promised not to oppose the treaty but the death of Herr Erzberger is believed to have given the entire situation a new complexion.

In the meantime the fight over the tragic death of Erzberger is being waged with increasing venom and impact organs.

Rioting at Potsdam

POTSDAM.—Three persons were shot and killed here Sunday in a clash between communists and monarchists. Thirty thousand communists journeyed here from Berlin to hold a meeting to protest against the assassination of Matthias Erzberger, and during their demonstration they clashed with the monarchists.

The safety police were called out and they were obliged to fire. The bullets killed two "Reds." A sniper shot another "Red" dead.

Blames Kaiserist Group

BERLIN.—Laying the guilt for the murder of Matthias Erzberger, former vice chancellor and minister of finance, directly at the door of the kaiserist group, President Loebke of the German reichstag, in an interview declared that a violent outbreak may be precipitated throughout Germany as a result of the increasingly daring demonstrations of the reactionary politicians.

"The provocative work of the nationalists, such as the 'front fighters' at Berlin, and other manifestations in recent weeks can not be repeated without serious clashes," he declares. "Even without such demonstrations the air is so electrified by the occurrences

KEEP FAITH WITH MEN WHO DIED PLEA OF BLAINE AT REUNION OF RED ARROW MEN

DETROIT, Mich.—A plea for continued peace as a means of keeping faith with the soldiers of this country who died in the world war, in order that their sacrifices will not have been in vain, was made Sunday afternoon by Governor John J. Blaine of Wisconsin at the reunion of the Thirty-second division gathered here for their national peace reunion and jubilee.

The Wisconsin governor told the former soldiers that "it is the spiritual struggle and the consecration to service in peace time, back of material developments and achievements, that are so necessary to halt our boundless energy and make possible the achievements and goal of social effort."

"As you and all the service men marched away from your homes, we were all filled with the inspiration," the governor continued, "that the sacrifices that were to be made, the services to be performed, the honors to be met, and all the agony and all the death, were an offering to the God of Battles in the purchase of universal peace, of the cessation of wars, such one more horrible than the last."

"This inspiration and this faith were instilled by the leaders of the governments of the allies. No place or time is more appropriate to pay and plead that the faith we had will not fail, and the sacrifices that were made will not be betrayed."

Anniversary of Juvigny Drive

Taking up the record of the division, Governor Blaine told of its record of service three years ago Monday, in snuffing the historic five-day battle which resulted in the taking of Juvigny.

"Three years ago this morning began the five days of hell for the Thirty-second division," he said. "Three years ago the Michigan troops met the first clash of what was to be five days of destructive warfare—supported and relieved by the Wisconsin boys, all of whom and all of the Thirty-second division in the action that followed made possible the capture of Juvigny."

deal of satisfaction in the hearts of the survivors of the Thirty-second division, in that such division was made up almost entirely from two neighboring states—Michigan and Wisconsin. The close relationship existing between the two states would have a tendency to cement together their people, and it gives the division that closeness of union impossible to obtain in divisions made up largely at random from the whole area of the United States.

"To you men from Michigan, or from whatever state you hail, I bring to you the love of the men from Wisconsin, whose presence here attests in a higher degree that affection."

"Here today, we commemorate the loving remembrance and with tender affection the supreme sacrifices of the comrades of the Thirty-second division, whom God hath gathered unto Himself; and we here today consecrate ourselves to the objects of those comrades, in inciting every sentiment in any way necessary for the efficiency and permanency of free institutions."

Likens 32nd to Iron Brigade

"The late war was not the only war in which the young men of Michigan and Wisconsin stood side by side. The Thirty-second division, while in greater numbers, was a replica of the Iron Brigade, likewise made up of troops from Michigan and Wisconsin."

"Your organization stands in the presence of the few survivors of your predecessors. Because of the services of the Iron Brigade, duplicated by your division, we will be able to catch the spirit and devotion to the great problems of the day."

"The pushing forward of material achievements of civilization and the building of great industrial structures in the interests of material progress are not by any means the most worthy objects to accomplish. It is the spiritual struggle and the consecration to service in peace time, back of material developments and achievements, that are so necessary to halt our boundless energy and make possible the achievements and goal of social effort."

FOLKS LAUGH AT CORNS NOW

Millions Have Proved Them Needless.
They Stop Them by a Touch

Do you know that one method is now ending some corns for millions of people?

People all around you employ it. They never let a corn pain twice. The method is Blue-jay—the liquid or the plaster. It is made by a surgical dressing house of world-wide repute.

A touch applies it, and the pain stops instantly. Soon the whole corn loosens and comes out.

The way is gentle, scientific, sure. Once you know it, you will laugh at corns.

Get Blue-jay now—apply it tonight. Watch the effect on one corn. Get Blue-jay at your drug-gist.

Selling Yourself

YONDER comes the most important man in the world—the salesman. For the next twenty years, America's prosperity will be in his hands. He alone can bring in the orders that will start up the factories and restore good times. And it is the salesman—not politicians—that will shape the course of delayed reconstruction when it begins.

Young men, looking about for a profession, should carefully consider salesmanship. That is the advice of William Maxwell, vice president of Thomas A. Edison, Inc., writing in the American Legion Weekly. The salesman was eclipsed during the war, when goods were scarce and salesmanship was little more than order-taking. But now America enters into a great competitive era. The salesman has, before him, bigger fields to conquer than ever before. That means opportunity for the man who can really sell—tremendous opportunity.

Judge Gary predicts that, once readjustment in business is completed, the country will embark on one of the most prosperous periods in its history. Salesmen will be needed to sell the big ideas, the securities to finance them, and the actual goods involved. If you want to travel, salesmanship offers you the great field of international trade.

Horace Greeley's advice to young men of his day was: "Go west, young man, go west." It was sound advice. Maxwell thinks that if Greeley were alive today, his slogan would be: "Go sell, young man, go sell." A good slogan.

Every man and woman, every girl and boy, should study salesmanship. For success in life is largely a matter of ability to sell your services. The boy, offering to weed the garden if he can go swimming, is a salesman. So is the young man trying to sell himself and his fortune to the girl he loves. So, too, is the man asking a raise in pay.

Ira Lackey, America's oldest drummer, who has traveled 1,750,000 miles as a salesman, says that after you sell a customer you must hold him. Trickery may get the first order. But to hold a customer you must give honest value—make good every minute. The goods must live up to the representation of the seller. That is as true when you sell yourself as when you sell an order of groceries, clothing or insurance.

Learn salesmanship, young man, to dispose of your abilities and services to best advantage. Back your selling with a constant endeavor to make yourself of greater service to mankind.

Learn to sell. But be sure you have something worth selling. Sell yourself on this idea first!

Spare-Time Money

YOU often wonder how you could make some extra money in your spare time. Especially housewives who have little spending money left after paying the week's bills. Here's how one man and his wife did it. It's an interesting example of the power of a man's will—and how a devoted wife can help her husband to success.

In Seattle, Hardin T. McClelland has been a park-department employee since he left high school in his second year of attendance. He decided to learn the Chinese language. Try that if you want to tackle a real job. Chinese is built up from 214 key-words. But these, by combination, form 27,000 different words—spoken in twenty different dialects. For instance, ask a Chinese laundryman or waiter about the word "chou." He won't pronounce it. He'll sing it. According to the tone, it can mean book, tree, heat, relate, Northern Lights, accustomed, losing a bet, etc. Expert linguists find Chinese hard to master. For a comparatively uneducated man to learn it, is almost phenomenal.

McClelland got a book about Chinese talk from the library. He had to return it before he even got an inkling of the meaning. Felt he couldn't afford to buy a \$9 copy of the book. So Mrs. McClelland in spare moments took off her gown and copied the textbook with pencil. Her

husband studied the copy. Now he is making a lot of spare-time money, translating Chinese philosophical works for highbrow magazines.

It wasn't the mere learning of the Chinese language that brought McClelland a comfortable spare-time income. The real things that put him across were his will power, his ambition and his imagination—and his wife's interest and assistance. There is a lesson in this for men out of work. It's difficult to get daily work, let alone spare-time jobs. But if you have imagination or determination to develop it, you can create a job. Ambition will make you like work—make you an efficient worker. Will power will furnish the gasoline to drive the motor of your ambition. Don't give up. Don't get discouraged. Keep on trying. Somewhere, even in business depression, there is an opening for you—a road to big things. This is as true of regular daily work as it is true of spare-time or extra-pin-money employment.

Never say die!

Injustice

AN estimate based upon figures gathered from every section of the country, is that landlords are taking from the average family one-third of its income in rent. The pre-war figures showed that the average family's rent bill was but one-fifth of its income. There is some justification for higher rents today than before the war, but no justification whatever for the refusal of the great majority of landlords to join in the general liquidation. Sooner or later the public will find a way to square accounts with the rent hogs.

Sousa

SOUSA, king of bandmasters, confesses that he has been hard of hearing for some time, and couldn't hear much more than a jumble when his men played. Now his hearing is coming back. How could he direct a band when he couldn't hear how they were playing? The answer probably is, that Sousa has his musicians so well trained they didn't require directing in the emergency. An organization runs along automatically when built up and perfected by a genius like Sousa. Momentum, acquired from its creator, carries it.

Fat people are always trying to change their weights.

Cranks just lack self-starters.

Idle curiosity works overtime.

In Ye Olden Times

TEN YEARS AGO, TODAY

If propositions of some aldermen go through the city sealer, which the new law compels the city to appoint, may be a member of the police force. Others have a plan to make the office part of the duties of the health department. The official will have to pass a civil service examination to be eligible for the job.

Health Commissioner J. M. Purstman this morning consented to answer questions for citizens on matters of public hygiene and has arranged to prepare for the Tribune every Saturday night a list of the questions and answers on health.

It has been announced that the Omaha agency for "Old Style Lager," manufactured by the G. Heileman Brewing company of this city, has been taken up by Lerch and Van Sandt of that city. Agencies have also been established in Lincoln and Hastings, Neb. A party in Portland, Ore., has opened negotiations for the establishment of an agency there.

Mrs. George Powell has gone to Canada, her old home, to visit her mother.

TWENTY YEARS AGO, TODAY

Today the river was the lowest in three years, the gauge at the bridge registering 2.3.

The property owners on State street east of the Green Bay tracks will present a petition to the common council at its next meeting asking that the street be widened two feet on each side and also that State street be made into a boulevard the same as West Avenue. The idea is to make the thoroughfare a handsome highway to the bluffs.

In pursuance of an order received from Washington rural delivery letter carriers will hereafter cancel the stamps of letters collected by them for local delivery and deliver the mail as they go. Until they are furnished with rubber stamps they will use indelible pencils. The carriers will not bring to the central office any matter they have collected which they are able to deliver.

In spite of the efforts of progressive citizens of Winona to keep the Winona Wood Rim company, in that city the Fred Kroner Hardware company and the Winona concern will consolidate and the contracts of the latter will be filled at the Kroner factory on Pearl street.

The O. J. Sorenson manufacturing company of this city is just finishing the handsomest lot of school furniture ever turned out for the Toland Business University at Mason City, Iowa. The furniture is made of Finnish oak, the important pieces being hand carved. In keeping with the furniture is the loaded cathedral glass designed by the Art Glass company of this city which will be fitted into the doors of the offices and departments.

THIRTY YEARS AGO, TODAY

Professor Boehm will open a museum in the Esplanade block next week.

The school room at St. James church is being thoroughly renovated. Some of the partitions will be removed to make room for assembly purposes.

Work has been begun on the brick chimney for the John Gund Browning company. Joseph Burgoineast has the contract for the work. The chimney will be one hundred and thirty feet high.

A large arch is to be built at Fourth and Main streets at a cost of \$125. The arch is to be lighted during the fair with 200 electric lights and will be paid for by contributions.

Martin Erickson, an employee of the Sawyer and Austin mill, has invented a lubricating oil that is pronounced by experts to be a first class manufacture. He is now in Milwaukee arranging for its manufacture.

Jones and Kroeger's new city directory for La Crosse was issued today. It contains 453 pages and is the largest ever issued here. The number of names in the directory is 12,538 as against 8,306 in the one published two years ago. To estimate the population the number of names is multiplied by two and one-half so the city has 31,345 people.

A TALE OF A DOG

BY MARTHA MCULLOCH-WILLIAMS.

"Wish I had a dollar," from Amos disconsolately.

"Wish I had a little fyco dawg," from Bert plaintively.

"Wish I had a dollar—and a little fyco dawg, too," from Jack greedily.

"Won't nobody never git none of 'em," Amos, the pessimist pronounced.

"Why you reckon not?" Bert demanded.

"I know—'cause we-all and we-all's folks are poor as Job's turkey, that had to walk twice to throw a shadow," cried Jack the greedy.

"Suppose your wishes came true—what would you do about it?" a voice from above their heads inquired. Scared into uprightness, the boys looked about them—they had been lying face down, in the Merton old field, after gorging themselves with blackberries and wild plums.

On beyond were gnarled old apple trees, round-headed and opaque, with fine netting, half-dead lower branches. Starveling fruit dotted and blotted the round heads; the turf-circles beneath them, greener and more alive than the main earth surface, told that now for a generation cattle running out had lain there through midday chewing the cud, and bedded there at night. When the apples "hit," that is to say over-burdened the living branches, the boys looked about them—they had been lying face down, in the Merton old field, after gorging themselves with blackberries and wild plums.

TOM ON THE TRAIL

Ever since Tom could remember he had longed for a gun, but his mother would never consent to his having one. However, he had carefully saved all his money for a year, and now she had reluctantly permitted him to purchase the long-coveted gun.

He was seated in the kitchen, proudly rubbing the already shining barrel. "Oh, Tom, do take it outside," begged his mother. "I am so afraid it will accidentally go off and kill someone." Mrs. Adams was afraid of anything in the shape of a gun. It made no difference at all whether it was loaded or not.

Tom put on his coat and wandered out on the back porch. It was the last of October, and the first light snow had just fallen. As he looked out over the clean white carpet of snow that covered the yard his eye was caught by some tracks leading from under the barn.

"Rabbits," he thought. "Gee, I never dreamed that there were any right in our back yard." Immediately, his gun gripped tightly, he was off on the trail of the poor bunny.

"My, won't I be surprised when I get a rabbit the very first day?" he thought. "And maybe Mother won't hate a gun so when I bring home a fine big rabbit for dinner."

He hurried along, following the tracks. "Gee," he thought, "I never knew that rabbits ran around in circles like this before. Here I've gone around our yard three times. Oh, there's where he leaves the yard."

"Why the tracks lead into Baker's garage," he said in surprise. Well, he just about had it now, there wasn't any other way for it

In The MOVIES

AT THE THEATERS TODAY

Rivoli—Douglas Fairbanks in "The Nut"—"The Nut" is a necessary cog in the complexity of life.

Strand—Cooper's "Strand" showing today and Tuesday.

Riviera—Leroy Scott's "Partners of the Night"—A musical comedy offering today and Tuesday.

Majestic—Justine Johnstone in "Sheltered Daughters"—A play every parent and every boy and girl in this city should see.

"THE NUT" IS GOOD

"The Nut"—a necessary cog in the complexity of life.

This newest Douglas Fairbanks United Artists production came to the Rivoli theater yesterday, unfolding a photoplay that demands closest and deepest respect and admiration. It is a feature showing genuine originality, and the unique scenes which serve as a historical background leave an indelible impression upon the memory.

The story is direct, strong in love interest and also develops many amusing complexities.

In the character of Charlie Jackson, an eccentric young fellow of inventive genius the star dedicates himself to the task of pleasing one girl. The locale of the story is Greenwich Village, New York city. The girl in the case, played by Marguerite De La Motte, is a philanthropist of the "Lady Bountiful" type. She wants to interest an endless chain of wealthy persons who will open an endless chain of refined homes to an endless chain of stum children, thus making up their characters and making them better citizens. In assisting her to accomplish this high ideal, Charlie Jackson involves himself in innumerable birth-provoking situations from which he extricates himself through a combination of ingenious devices and daring stunts.

ALICE LAKE—CASINO

Did winsome Alice Lake, Metro's little star, pick out her own mountain retreat for honeymoon purposes? Rumors buzzed, tongues wagged, speculation was rife—and yet Miss Lake upon her return would not admit the slightest possibility that "the" man was found. Quite another interpretation was necessary, according to her; not a "man" but a "scene" was what this beguiling personality had sought and found; specifically, her exploration into the wilds of the San Bernardino mountains, of southern California as a "location" scout, resulted in the selection of some picturesque exterior scenes for her Metro-starring production, "The Greater Claim," now showing at the Casino theatre.

SPLENDID MUSICAL ACT AT THE MAJESTIC

Dorothy Bard the girl with the saxophone and her company offer a varied entertainment consisting of singing, dancing, talking and musical numbers. Plessey and Powell are two eccentric singing and talking comedians who present an act that has been a sure fire hit everywhere. These two acts comprise the vaudeville part of the program at the Majestic for today, Tuesday and Wednesday. The feature photoplay is virtually a style show, its name is "Sheltered Daughters" and it features Justine Johnstone.

Real gowns from the skilled hands of Parkland, costumes displayed by a dozen mannikins are an important feature in "Sheltered Daughters." These gowns, 1922 summer and fall models, are described as the very latest word in fashionable feminine attire. A special set was constructed to represent the establishment of a Fifth Avenue modiste, where much of the important action of the picture takes place. It is in this smart setting that the heroine, played by Miss Johnstone, is transformed from an unattractive, poorly clad girl to a beautiful young woman, stylish and captivating.

Public Debate

CO-OPERATIVE OWNERSHIP

Editor, Tribune and Leader-Press:

Dear Sir: Co-operation is in the air these days and is being gradually adopted by big business in many lines. Representation of workmen on boards of directors and profit sharing are the beginnings only. The railroad and the biggest one of our industries are making it easy for employees to obtain stock, and this is a far-reaching advance towards the ultimate co-operation which will eventually solve the labor problem. When a man owns stock and has his money invested in an equality with the capitalists he will think twice before he will cripple the business by strikes, boycotts and destruction of property.

Postmaster General Hays says there is one billion dollars hidden away in old stockpiles because of the low postal savings rate, which he expects to draw out by raising the rate from 2 per cent to 3 per cent, and Mr. Hoover estimates twenty-two billions as the amount now hidden away in savings institutions, and thereby withdrawn from home-building. If the people can have this money to build new homes, and then if we can divert some of the three cents out of every dollar of government income which is now being spent for war past, present, and to come, into good results some of us will ever want to go to that "home over there" eternal in the heavens.

Experts claim that we need 1,200,000 additional homes right now to relieve the congestion, and that the average is now one hundred and seventeen families to one hundred homes.

The banks cannot furnish the necessary money on long-time loans for they must keep their assets liquid in order to be ready for the depositors when they get stampeded. The only people who can supply the demand are the people who are saving little by little in systematic and long time accounts. Mr. Hoover recognizes this fact and to those who are interested I recommend you to read the article in the Literary Digest of August 20th where his plan is discussed from every angle, and without prejudice. Evidently the big thinkers realize that the home is the greatest co-operation, and they are willing to divert some of the money which now goes into commercial lines, to "the American home, the safeguard of American liberties, because of that fact."

TWO CLEVER DANCERS JOIN JUBILEE GIRLS; TO APPEAR TODAY

Two dancers, Rudolph Winter and Jessie Morrow, joined the east of the Jubilee Girls, playing at the Riviera, and appeared during Sunday's performances for the first time. They will be permanent members of the company. They have been dancing in cabarets and musical shows in Chicago for nearly six months and come to La Crosse with a repertoire of dances that include all the latest numbers. The musical comedy offering today and Tuesday is called "The Fakirs," and it offers a fine display for the comic antics of Hipp and Teo. The song program is an unusually good one. Harry Bowers and girls offer "Kentucky Blues," Betty Martin and girls sing "Hold Me," Connie Hipp and chorus will be heard in "Anna in Indiana," Marie Pfeil appears in a single number, "No One Can Take Your Place." The Golden Harmony Four has a lot of "new business" on tap for the edification of the audience. The feature picture is a screen adaptation of Leroy Scott's famous story, "Partners of the Night." It is called a breath-taking picture. The climax is reached after the most dangerous and subtle woman criminal in the world is in the power of a police detective. He had stepped forward to place her under arrest. The woman turned—and he found himself staring into the eyes of the girl he was to marry. The finish of the picture is as startling as any of the many original situations that punctuate the picture.

THE VOLLENWEIDERS ENTERTAIN GUESTS AT LA CRESCENT

MR. AND MRS. Henry Vollenweider of La Crescent entertained the members of the choir and the orchestra of the Salzer Memorial church at dinner Saturday night. Forty guests were present. A sumptuous dinner was served by Miss Esther Vollenweider and Miss Martha Schwartz, which was greatly enjoyed.

The tables were wonderfully attractive in decorative effect, each of the three being furnished by a huge pumpkin, which had been scooped out and filled with luscious purple grapes and red apples, the fruit of the Vollenweider farm. The name cards were attached to bright red crab apples. Seated at the table of the host and hostess were Rev. and Mrs. Panzlau, who were honor guests, Prof. and Mrs. Kerr, Mr. and Mrs. Zerkow, Mrs. Henry Salzer, Mr. and Mrs. Hottel, and Mrs. Vollenweider, senior. The other members of the choir and orchestra were grouped about the other two tables.

An informal program produced a burst of laughter and a shower of merit. Prof. James R. Kerr, leader of the choir, and his wife, who were present, were at their best, and entertained the guests by delightful musical selections. Mr. A. W. Zerkow, who presided with oratorical skill, by his remarks and possibilities of the musical organizations. A quartet composed of Miss Dorothy Bernst, Miss Kathryn Zerkow, Mr. Stanley Bernst and Mr. Gordon Kerr, rendered pleasing vocal numbers. Miss Gertrude Salzer with rare technique gave some of Mendelssohn's selections.

Rev. J. L. Panzlau, pastor of the church, and his charming wife were surprised when Mrs. Kerr and Mr. Zerkow, in behalf of the musical organizations, presented the former with a gold pen and the latter with a choice diamond china cake plate as a token of high esteem in which they are held by the young people. The pastor and his wife accepted the gifts with appropriate words of thanks expressed with deep feeling.

After a very happy evening during which a general songfest was enjoyed, a unanimous vote of thanks was extended to the Vollenweider family and the party motored back to town.

ON SATURDAY, Aug. 27, at half-past three in the afternoon, the marriage of Miss Gertrude Lillian Druschke, daughter of Mrs. Henrietta Druschke, 230 North Ninth street, and Mr. Erling Elide, son of Mr. and Mrs. H. A. Elide, 700 West avenue south, was solemnized. Rev. H. T. Braa, pastor of St. Paul's United Lutheran church, 417 South Thirteenth street, performed the ceremony at the church. The bride was attended by Miss Norine Larkin and Miss Ada Fregin as bridesmaids and Messrs. Paul Druschke and Emil Will, brother and cousin of the bride, were the groomsmen.

Following the ceremony a wedding dinner was served at the home of the bride's mother, the guests being only the members of the immediate families. The table was prettily decorated and featured by the wedding cake, which was baked by the bridegroom's father.

The bride wore a handsome gown of white-silk Canton crepe and a veil of tulle which was held in place by a band of pearls. She carried a shower of bridal roses. Miss Larkin wore peach colored organdie and Miss Fregin a delicate lavender organdie, both wearing corsage bouquets of Columbia roses.

Mr. and Mrs. Elide left on a honeymoon trip to Minneapolis and other northern points, and on their return will be at home to their friends at 430 North Ninth street, after September 15.

MR. AND MRS. Joseph Hengel, 131 Mill street, are the parents of a nine-pound son, born Sunday morning.

HENRY KILB, Jr., of the Thirty-second division, left Saturday for Detroit, Mich., where he will attend the soldiers' reunion.

OLIVER YOUNG, son of Mrs. E. M. Young, 215 North Ninth street, left Saturday for Syracuse, N. Y., where he will enter the University of New York.

MR. AND MRS. Roman Paczynski of Prairie du Chien, who are on their honeymoon, have been guests of Mr. and Mrs. Peter Mallon, 1224 Liberty street, for the week. Mrs. Paczynski, who was prior to her marriage, Miss Mabel Crawford, was married to Mr. Paczynski Tuesday, August 24, at St.

RIVER EXCURSION HERE TONIGHT ON STEAMER CAPITOL

Coming to La Crosse for the last time before going to New Orleans, the steamer Capitol of the Streckfus line will carry the Salzer Seed company employees and their friends on a moonlight cruise Monday night, Aug. 29.

The Capitol will leave for New Orleans immediately upon completing its evening trip from here and will remain in the far south for the seven months of winter.

Due to the fact that this will be the Capitol's last appearance in La Crosse, Miss Neola Meyer who is in charge of the affairs for the excursion has expressed the belief that it will probably be the largest of the season.

While the Capitol will

WILLIAM WEIMAR EXPIRES SUNDAY ILL OVER A YEAR

Former County Treasurer and for Many Years Deputy is Dead

FAMILIAR FIGURE IN COUNTY WHERE HE LIVED SIXTY YEARS

Funeral Will be Held Wednesday Afternoon from Church

William Weimar, who for sixteen years handled the finances of La Crosse county as treasurer and deputy, died at 11:45 Sunday morning at the residence of his brother Valentine Weimar, 1292 Adams street, after a severe illness covering more than a year. His death had been a matter of daily possibility almost continuously in that time.

The immediate cause of death, according to the attending physician, was a hemorrhage of the brain. The injury which caused it, however, is traced back to an automobile accident three years ago in which Mr. Weimar was thrown from a car, striking upon his head. He partially recovered after a long stay in the hospital, but never regained his former health, and the ill effects of the injury then received grew gradually worse.

Mr. Weimar was for years one of the familiar figures of the La Crosse court-house, by reason of his long connection with the county treasurer's office. He first went into the office as the deputy of John Froehoff, becoming treasurer himself, holding the office for two terms. Although unable to walk from his infirmity, as the result of a fall, Mr. Weimar was extremely active and painstaking as a county official, and was widely acquainted all over the county as well as in the city.

William Weimar was born Nov. 15, 1858, at La Crescent, Minn., coming to La Crosse county with his parents at the age of 2. He remained on his brother's farm until he went into the court house as Mr. Froehoff's deputy and remained a public officer until his illness made it impossible for him to continue.

Funeral services will be held Wednesday afternoon at 1 o'clock at the residence, 1292 Adams street, with church services at the Reformed church, Fourth and Market streets, conducted by Rev. Otto Stockman. Burial will take place in the Mormon Coteau cemetery.

YEGGS GET QUARTER MILLION IN RAID ON SAFE DEPOSIT BANK

Robbery Was "Inside Job" Says Detective Chief; Custodians are Held

CHICAGO, Ill.—A raid on the safe deposit vaults of the Security Safe Deposit company in the Masonic Temple Sunday night by four masked robbers netted the bandits about \$250,000. It was estimated today.

The robbers who are credited with perpetrating one of the boldest crimes in Chicago's history, escaped after a leisurely search of seventeen safety deposit boxes, although they over-looked \$40,000 in \$1,000 bills in one box.

Chief of Detectives Hughes, characterized the affair as an inside job and held the two custodians of the vaults, who he said, told contradictory stories. Three other suspects have been taken into custody.

The four robbers, well dressed, appeared at the vaults about eight o'clock. One of them applied for a safety deposit box and then asked to see it. When the doors to the vaults were opened, the robbers bound the custodians and then proceeded with lead mallets to open several boxes.

They were fired on when leaving the bank more than an hour later but escaped unhurt.

The safety deposit vaults, advertised as the safest in the city, are kept open day and night.

ALLAMAKEE COUNTY FAIR WILL OPEN ON TUESDAY FOR 4 DAYS

WAUKON, Iowa.—The Allamakee county fair opens Tuesday, August 30 and continues four days. The fair association has had the co-operation this year of the Farm Bureau and local citizens to such an extent that everything points to this year's exhibits being the greatest ever and the fair will doubtless enjoy its most successful season as far as finances are concerned, weather permitting.

The free attractions are to be enjoyed and of a higher class than in previous years. Lausling and Waukena, tied for the Northeast Iowa League pennant, will play the opening game Wednesday. The Calcedonia team plays Waukena on Thursday, and Muson on Friday.

Horse races will include 2:12, 2:17 and 2:25 paces and 2:16 and 2:20 trot. There will also be a free-for-all trot and pace, and running races every day.

With the assistance of the farm bureau the live stock exhibits are expected to exceed any previous fair and much money has been expended in getting the barns and pens in good condition to take care of the stock. Premiums in the amount of \$5,000 are offered and purses of \$1,500 for the races.

You may not have any stocks and bonds or houses and lands for them to tax, but they still can tax your patience.—Clusland Enquirer.

SEVEN HUNDRED OF NATIVES KILLED IN FIGHTING IN INDIA

Seventy of British Forces Sent to Quell Uprising Reported Missing

FEAR RIOTING WILL SPREAD TO OTHER DISTRICTS IN INDIA

Uprising Fostered by Religious Fanatics, is Claim

CALCUTTA, India.—By The Associated Press.—Nearly 700 members of the insurgent bands which have been creating disorders in the district south and southeast of this city have been killed in fighting with British forces sent to quell the uprising. Several Europeans have been killed while 70 men of the Leinster regiment and 17 native policemen are missing. Many Hindus have been massacred.

Indian troops are being brought southward from Canning to quell the uprising of the Meplan tribes around Poonah.

Fear Trouble Will Spread LONDON.—By The Associated Press.—Reports Monday from the revolutionary area of Malabar, British India, indicating that British troops and cavalry had arrived there, tended to confirm the belief in London that the uprising would be confined to this area, although none would deny the seriousness of the situation or its potentialities for spreading.

The revolutionary area is more or less isolated from the other portions of India which might be expected to lend co-operation in the movement if any were forthcoming, but it would not surprise official circles here if at least the fanatical Mohammedans along the northern frontier should take this occasion to write another chapter in their almost continuous warfare against the British.

Religion at Bottom The trouble in Malabar, it is stated, primarily from religious fanaticism and from the intense hatred of the Mohammedans, or Mohammedans of Arab descent, for Europeans and Hindus. Of politics and home rule they know nothing as they are virtually barbarians, but the religious torch will always light them to bloodshed as they live mainly for their religion and are willing to die for it. Self-torture is not uncommon in the hope that they will thus arrive in heaven and they believe that on the battlefield is the sure road to a happy hereafter.

Close observers here of Indian affairs express the belief that the uprising also is in part due to the widespread propaganda of the native Indian nationalists. To this agitation has been added reports of great wrong done Turkey by the treaty of Sevres. This propaganda has been spread not only in the Malabar region but throughout India.

BUMPER CORN YIELD ASSURED THE STATE SAYS CROP BUREAU

Growing Crops in Many Parts of the State Benefited by Rain and Cool Weather

MADISON, Wis.—It now appears that nothing can prevent a heavy yield of corn in Wisconsin, the crop reporting service announces in its weekly bulletin Monday. Favorable weather has practically assured a crop almost up to bumper proportions and maturing rapidly.

Growing crops generally were improved during the week due to moderate temperatures and much needed showers, the bulletin says. Condition of the fields have been materially increased as a result.

Damage caused by hail and wind is said to have been restricted to southern counties, and somewhat scattered there, so that no great loss will be felt.

Farm work is reported as slightly early, with threshing nearing completion, silo filling general, and plowing and fitting for fall grains well under way at present.

Silage is said to be yielding heavily with the quality good. There has been some difficulty in cutting because of wind damage. The potato crop shows some improvement as a result of favorable rains, according to the report.

Harvesting of tobacco is general, the crop being somewhat reduced in some sections from wind and hail. The bulletin says that some winter grain has been sown, and has benefited from the showers of the week.

The yield of spring grain is said to continue disappointing. The new seeding of hay was generally benefited by rains and the acreage of hay of marsh cut for hay greatly increased. Pastures are reported as becoming green again, but still short.

Cabbage and sugar beets are reported to have shown some improvement. The livestock condition is also improving but still is only fair.

FORD EMPLOYEES ARE INVOLVED IN ALLEGED MOTOR THEFT RING

Thirteen Men Held for Thefts of More than Fifty Automobiles

CHICAGO, Ill.—Officers of the Ford Motor company are expected here today to investigate an alleged ring of auto thieves here. The police Monday held 13 men including five Ford employees, in connection with the case which is said to involve the theft of more than fifty machines.

Patrick Frain, a youth of 18, is alleged head of the band. The plan of the alleged thieves, according to police, was to seek a prospective purchaser of a Ford car, then steal the desired machine. With the alleged connivance of Ford employees the motor numbers of other cars to be shipped outside Illinois were discovered and the numbers on the stolen cars were altered.

FIGHT OVER BELLE OF THE BALL ENDS IN DEATH OF ONE

Two Men Come to Blows When Woman Companion of One, Refuses Dance Invitation

ALLENTOWN, N. J.—Further official investigation was made Monday as the result of the death of a guest from a fist fight involving the belle of the annual masked ball which forms the summer's social climax for the fashionable beach colony here.

Cecil A. Arthur of New York, son of Mrs. J. Charles Taite of London, England, died as the result of a quarrel during the dance.

Salvatore Lohorde, a student at Cornell university, whose home is in Havana, Cuba, is under arrest.

The prosecution's chief witness is expected to be Mrs. John S. Sutphen Jr., of New York, who, with her husband, was Arthur's guest at the ball and was dancing with Arthur. According to Lohorde's friends he thought he recognized as a friend Mrs. Sutphen, who was masked and who attracted much attention by a costume of which black silk knickerbockers were a feature. He asked her to dance and was refused. Then, according to detectives his insistence led to a quarrel with Arthur.

The fight took place during the intermission when the guests were in the grill-room of the hotel Joe M. Anthony and Manuel Fernandez of Havana, who were seated at a table with Lohorde say Arthur was the aggressor. In the fight Arthur went down from a blow to the chin and his skull was fractured.

NEBRASKAN PICKED FOR FEDERAL PLACE

WASHINGTON, D. C.—Charles W. Pusey of Nebraska has been selected by President Harding for appointment as assistant secretary of agriculture to succeed Dr. Elmer D. Ball, whose resignation, effective October 1, was announced Monday at the White house.

\$2,000,000 a Day for Good Roads

Approximately two million dollars a day is available for every day during the present year for expenditure on the highways of the United States. The difficulty now is to find trained engineers to supervise the work. The colleges are not turning them out in sufficient number.

ACCIDENT FATAL TO ROBERT BRIGHT OF TREMPLEAU

Old Resident Dies after Being Thrown from Buggy by Horse; Was 84 Years Old

TREMPLEAU, Wis.—The funeral of Robert Bright, who died at his home here Tuesday evening was held Friday afternoon. Mr. Bright was one of the oldest residents of Trempealeau, having passed his 84th birthday April 3 this year. Nearly his entire life had been spent in Trempealeau and surrounding community.

He had enjoyed good health until he met with the accident on August 19, which proved fatal. He was driving near Hardy's creek when his horse became frightened at a passing auto truck and threw him out, striking on his head and shoulder. He was taken to Galesville for medical attention and later taken to his home here, and, although he sustained a fractured collarbone and two fractured ribs, it was thought that he would survive the shock, but the blow on the head was more than the aged man could combat.

Robert Bright was born in Guelph, Ontario, April 8, 1837, and came with his parents to Trempealeau, Wis., in 1852. In 1855 they moved to Trempealeau county, settling in the town of Caladonia, where he operated a farm until 1873, when he moved to Trempealeau entering the mercantile business. In 1893 he bought a farm near Black River Falls and again followed farming for about ten years. Retiring at this time from active business life, he returned to Trempealeau and made his residence here until the time of his death.

Mr. Bright was married to Christina Campbell of Guelph, Ont., in November, 1864. To this union were born six children: William A. Bright, who was killed in an automobile accident a few years ago; Mrs. Jennie Holden, Los Angeles; Mrs. L. A. Wicksfield, Whitehall; Ernest A. of Trempealeau, and Frank and Elmer of Black River Falls. He is also survived by his widow and two sisters, Susanne of Stanley, Wis., and Ann of La Crosse. There are twelve grandchildren and four great-grandchildren.

Funeral services were held at the Congregational church, of which Mr. and Mrs. Bright were members, Friday afternoon, the Rev. J. H. Lange officiating. Interment was made in Trempealeau cemetery.

WOOD'S HITTING WINS FOR TRIBE

Covey Effective After First Inning and Senators Lose Again, 3 to 2

YANKEES DROP FINAL TO COBB'S TIGERS, 7-3

Browns Amass Early Lead to Beat Macks, 12 to 4

CLEVELAND, Ohio.—Joe Wood's double drove in two runs and his home run produced another, enabling Cleveland to make it three straight from Washington by winning on Sunday, 3 to 2. Covey was very effective after the first inning, when Judge's triple was responsible for two runs. Score: Washington.....200 000 000—2 Cleveland.....200 001 000—3 Batteries: Mordridge, Acosta and Gharrety; Covey and O'Neill.

Tigers, 7: Yanks, 3. DETROIT, Mich.—Hoyt and Quinn were ineffective on Sunday and Detroit took the last game of the series from New York, 7 to 3. Ruth hit three doubles in five times at bat. In the first inning Hoyt forced in two runs by walking one runner and hitting another. Score: New York.....000 100 011—3 Detroit.....200 023 000—7 Batteries: Hoyt, Quinn, Ferguson and Sebang; Cole and Woodall.

Browns, 12: Macks, 4. ST. LOUIS, Mo.—The Browns won their third straight game from Philadelphia here on Sunday in the first four innings, hitting Hasty for nine runs. Dykes' fielding featured. Nine putouts by him is believed to be near a record for a second baseman. Score: Philadelphia.....000 201 100—4 St. Louis.....000 302 100—12 Batteries: Hasty, Freeman, Harris and Perkins; Kolp and Collins, Soverell.

NATIONAL LEAGUE

NEW YORK.—The New York Nationals won their sixth game in succession, defeating Chicago on Sunday, 4 to 2. Alexander pitched the fifth game of his National league career against New York, and met his twenty-fifth defeat. Barnes pitched well for New York, with the exception of the fourth inning, when Chicago bunted its way to two runs. Score: Chicago.....000 200 000—2 New York.....100 300 000—4 Batteries: Alexander and Daly; Barnes and Smith.

MONTAGUES DEFEAT SPRING GROVE, 6-4

The Montagues added another victory to their Spring Sunday by defeating the Spring Grove Indians on their home grounds by a score of 6 to 4.

Ike, pitching for Spring Grove, was going nicely up to the seventh inning. In the seventh the local bats hit at him and when the smoke cleared away had piled up three runs.

Vier, pitching for the Montagues got away to a bad start, but after the second inning settled down and pitched excellent ball. Montagues.....000 100 311—6 14 2 Spring Grove.....210 000 100—4 9 1 Batteries: Vier and Stellick; Ike and Solie.

LA CRESCENT WINS FROM HOUSTON ON SUNDAY 11 FRAMES

The La Crescent baseball club triumphed over the Houston aggregation on the latter's field Sunday afternoon in eleven innings by a score of 8 to 7. Lettner hurled for La Crescent and had 13 strikeouts, while Anderson and Christenson, of Houston, had eight between them. Houston twirlers were touched for 12 hits, while Lettner allowed 11.

BRINGING UP FATHER

ILLINOIS GIANTS NOSE OUT VICTORY OVER LA CROSSE

Colored Organization Defeats Locals at Copeland Park Sunday, 7 to 6

Getting the jump on the local club in the first frame when they scored three times, the Illinois Giants narrowly escaped with a victory over the La Crosse baseball club, 7 to 6 Sunday afternoon at Copeland park. Holiday proved duck soup for local batsmen who garnered 16 bingles off his performance, according to official scorer, every member of the team coming in for a safety. The visitors were held to 8 hits off Shoulder and Krause, the latter going in as relief pitcher in the sixth inning. Six of the eight hits were taken off Shoulder.

Crisbo, the Cuban third sacker, played a star game and was responsible for tripping three runs off the locals' list. Five errors behind Shoulder and Krause was a big factor in the defeat of the local club.

Evans, Puch, Weigant Krause, Sanford and Dayer each connected for two hits Evans and Dayer collecting two-baggers, while Sanford clouted two-three baggers in four times up. Sainsback also got a triple.

UNION GIANTS HERE FOR THREE GAMES AT FIRST OF WEEK

Monday evening at Copeland park the first of a three game series, which marks the close of the twilight season here, between the Union Giants and the La Crosse club will be played. The other two games follow on Tuesday and Wednesday evenings. It was announced by the local management that Meinert will be with the club in all of the games and the remainder of the season. Fate, who has appeared on the mound for the locals on a former occasion, will again swirl for the La Crosse club tonight.

ARAB IV AND MISS BELLE ISLE 11 ARE ENTERED IN RACE

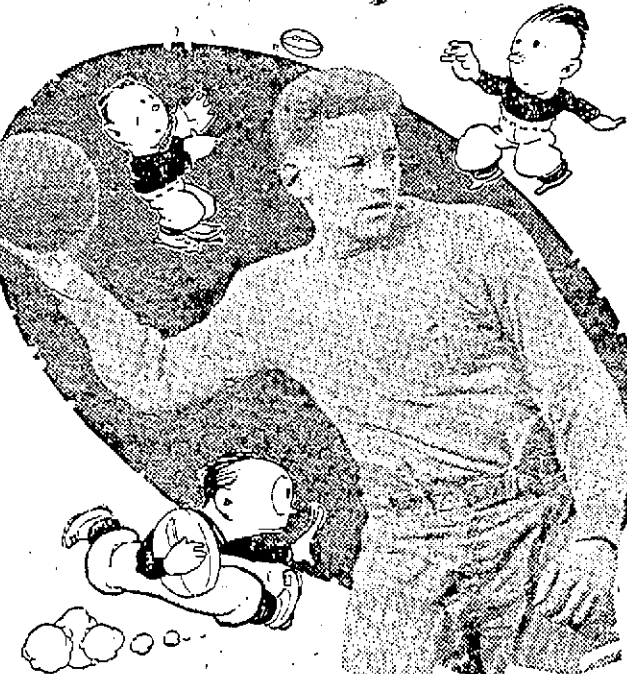

DETROIT, Mich.—Announcement that Arab IV, of the Buffalo Launch club, with Commodore Humphrey Birge at the wheel, won the Great Lakes trophy for express cruisers, feature event on Sunday's program of the Gold Cup-Hammesworth Regatta, Betty M. of the Detroit Yacht club finished second, and San Horco, owned by James A. Allison of the Miami Beach Yacht club, third. Betty M.'s right to second place was protested on the ground she had cut a stake on the upper turn and the judges withheld decision. Miss Liberty II covered the twenty-five miles in 1:02:34.17.

Scraps Trophy Race Off
The Scraps trophy race for cruisers under 350 inches piston displacement was canceled. The Detroit Auto club trophy event for displacement speed boats was won by Bee of the Detroit Yacht club over a field of five other starters. She covered the fifteen miles in 28:32.73. Miss Pep of Detroit was second and Bear Cat of Detroit, third. It was announced that Arab IV of the Buffalo Launch club and Miss Belle II of Detroit will enter the second heat in the Gold Cup race Monday and probably will start in the Detroit trophy event for single engine hydrocs. Second heats will be run Monday also in the Wood-Fisher race for displacement boats and the Sallan trophy contest for cabin cruisers.

FRATERNAL SOCIETIES IN CONVENTION AT CHICAGO

CHICAGO, Ill.—Nearly four thousand delegates from many parts of the United States were here Monday for the opening of the annual convention of the National Fraternal Congress of America. The congress included nearly every fraternal society in the United States and Canada and is said to have a total membership of over 23,000,000. The municipality of Vienna shows a deficit of \$1,750,000,000 for the fiscal year, 1928-29, and increased taxes.

OHIO'S NEW CHICK HARLEY

JOHNNY STUART AND HIS PASS

COLUMBUS, O.—Ohio State has another football surprise for this fall. The surprise is Johnny Stuart, the quarterback who will replace "Hog" Workman, now ineligible. Stuart looks as a real successor to Chick Harley and Pete Stinchcomb of All-American fame. He is as fleet on foot as Harley or Stinchcomb. He can pass a pigskin as accurately as the phenomenal Workman.

Plunger
Last fall, as captain and halfback of the Ohio freshman team, he gained more ground through the varsity than all the backfield men Ohio met in real competition combined.

Ohio State's line which battered down all Big Ten resistance couldn't stand Stuart's plunging. Stuart isn't the only strong addition to Coach Jack Wiley's 1921 machine. Butch Pixley is back with his 340 pounds. He played on the 1919 Ohio team and won a place on the All-American.

Following the gridiron season Pixley let down in his studies and became ineligible. He took a whirl at Princeton in 1920, but soon became homesick and returned to Ohio. He's eligible now and will fill the shoes left vacant by "Tarzan" Taylor, Ohio's All-Western guard last fall. The other recruit of whom much is expected is Benny Petroff, giant tackle from Scar High school, Toledo. He scales 212.

Last fall Coach Wiley told Petroff to tear up the varsity line in scrimmage practice. Petroff tore at his man, who happened to be "Moss" Spiers, Ohio's veteran star tackle. They carried Spiers off the field four minutes later and he didn't get back into the game until the last quarter of the California game on New Year's Day. Stuart and Petroff are sophomores. Pixley is a junior.

Ohio State's lineup for the kick-off this fall will likely be: Ends—Myers and Styker (N. Workman or Friend); tackles—Huffman and Petroff (Spiers or Lutz); guards—Pixley and Trotter; backs—Blair and Deig (Cout, Wiper, Briggs, Kennedy); fullbacks—Taylor and Weaver (Sabbell); quarterback—Stuart; center—Young.

NELSONS LOSE TO PEERLESS CHAINS AT WINONA SUNDAY

Schaeffer Suffers Injury With Result that Nelson Line-up is Shifted

The Winona Peerless Chains defeated the Nelsons at Winona Sunday afternoon by a score of 4 to 2. Due to an injury suffered by Schaeffer in the initial frame, the Nelson lineup was shifted for the entire game, the regular shortstop going to the outfield after being struck on the head with a hot liner off the first Winona batsman.

"Punch" Edger, of the Peerless Chains, stands in good with the fans today as a result of bunting feature plays in the eighth and ninth innings in Sunday's game. He retired the Nelsons in the eighth with a sensational catch against the outfield fence and as first man up in the ninth, cracked out a drive over the fence for a circle of the bases. Auchtenbaugh, hurding for the Winona team, allowed Nelson batsmen five safe blows, while Schultz was touched for ten bingles. The locals scored their two runs in the fourth and fifth frames. There were four errors behind Schultz, to none behind Auchtenbaugh.
